

Sunny Inspire Low Voltage Li-ion Battery with Fire Extinguishing

Model: E5 / E10

The First Home Energy Storage Battery with Fire Extinguisher Integrated

High Performance Battery Cells from CATL (World's No. 1 Battery Supplier)

-20°C Cold Climate Outdoor & Indoor Installation

LFP – Proven Safe Battery Chemistry

Auto-active Heating for Cold Climate Usage

Electric Vehicle Grade Battery Module Design

Radiation Cooling for Hot Climate Usage

Stackable up-to 4 Batteries
